Summary

I am a Full Sail University graduate with my Associates of Science in Web Design and Development. In school I collaborated with fellow classmates on several school projects to accomplish tasks. I have worked in various positions that required mentoring, analytical problem solving, and communication. I have knowledge using HTML, CSS, JavaScript, C#, and GitHub. My current goal is to increase my knowledge in my passion as a front end developer

Education

Full Sail University   October 2021

Associates of Science in Web Design & Development
Valedictorian

Projects

Ozark's Garage Detail
[Deployed Site](#)
